The 7th CCED Oman Student Awards 2024

For The Advancement of Post-Graduate Education

Consultancy
Gulf Intelligence

“CCED has a core objective to contribute to building local and national talent. We believe it is our responsibility to invest within the communities we work in while generating business that can bring value to Oman.

We believe our technical excellence is built on the ability and potential of its people. We are committed to nurturing talent at all levels of the organisation.”

Walter Simpson
Managing Director, CCED

The 7th CCED Oman STUDENT AWARDS

for the Advancement of Post-Graduate Education 2024

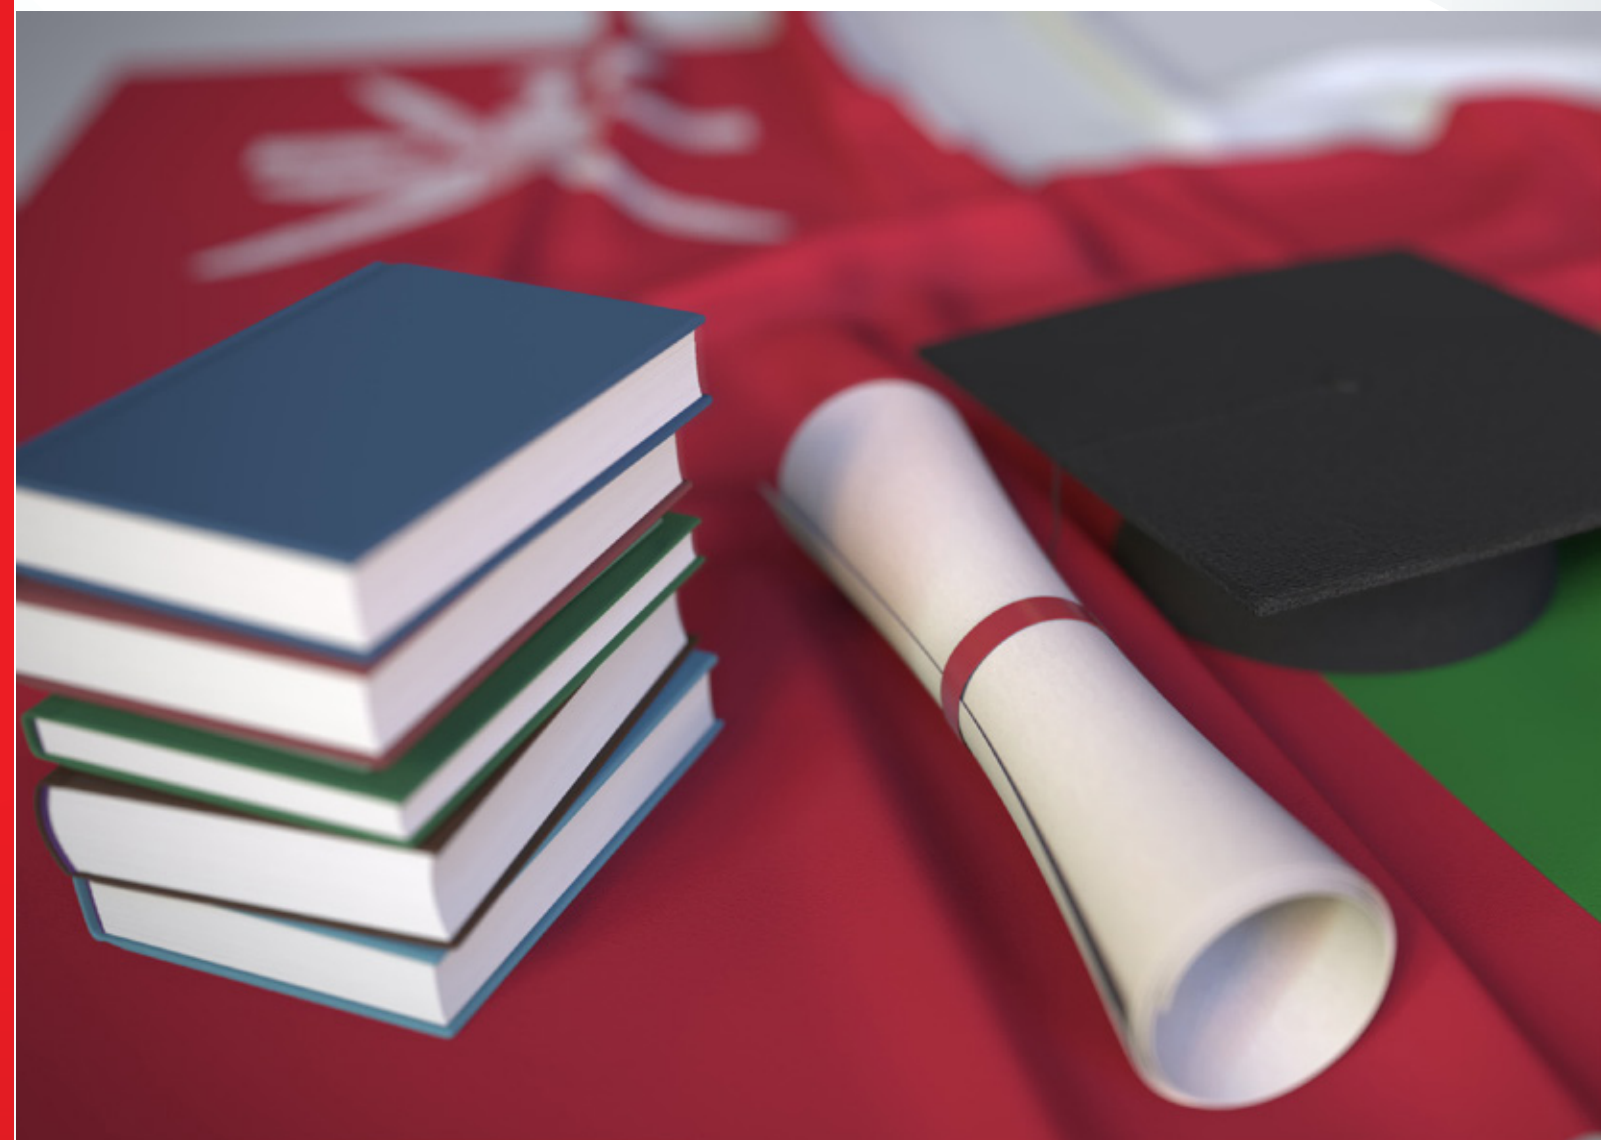

VISION AND IMPACT

The vision of the Oman Student Awards for the advancement of post-graduate education 2024 is to enhance the prestige and attitudes toward research-focused education as a major component to building knowledge capacity and talent. Both are required to deliver an innovative R&D ecosystem in Oman.

The Oman Student Awards recognize and celebrate the country's future industry and academic leaders who will contribute to building the sultanate's R&D hub. This Pioneering Award recognizes role models and establishes the award winners as ambassadors for the Advancement of Post-Graduate Education in Oman.

As the project gains visibility and legitimacy, so does the significant role of post-graduate education in the development of a knowledge economy.

AWARD WINNERS: The two successful Student Award Winners – Masters & PhD – will be awarded a three-month paid Graduate Student Internship at CCED to garner critical industry experience.

The 7th CCED Oman STUDENT AWARDS

for the Advancement of Post-Graduate Education 2024

CCED and Gulf Intelligence will team up to award Omani and Oman-based postgraduates who have demonstrated outstanding achievements in the field of energy. Award nominations are evaluated by a proficient Selection Committee that selects **2 winners** – 1 Masters and 1 PhD postgraduate. The primary aim of the Awards is to recognize extraordinary individuals and future thought leaders who are instrumental to achieving the sultanate's goal to create an innovative research and development (R&D) ecosystem, as per the National Vision 2040.

Awards Criteria

Criteria for Nominees for the PhD Award:

- Omani National, or Oman-based and Oman-educated for a period of 10 consecutive years.
- Near completion of PhD, or a recent PhD graduate in an energy-related field. Degree must have been completed within the last two years.
- Demonstrates potential to be a future thought leader in the energy industry in Oman.
- PhD dissertation should be relevant to Oman.
- Extra weight given to PhD studies that directly impact the advancement of local industry.
- Demonstrates the intention of working in Oman.

Criteria for Nominees for the Masters Award:

- Omani National, or Oman-based and Oman-educated for a period of 10 consecutive years.
- Near completion of Masters, or a recent Masters graduate in an energy-related field. Degree must have been completed within the last two years.
- Demonstrates potential to be a future thought leader in the energy industry in Oman.
- Current, or planned involvement in energy-related research in Oman.
- Demonstrates the intention of working in Oman.
- Extra weight will be given to those with intent to pursue a PhD.
- Exemplary Undergraduate and Graduate grades.
